

Construction Contracting Operations

Level 3 Advanced Apprenticeship

Course Summary

The Level 3 Construction Contracting Operations qualification has been developed for delivery in a working environment. It has been designed to develop and recognise your skills, knowledge and competence so that you can work in Site Technical Support within the construction industry or progress onto further learning.

The course will cover the following mandatory areas:

- Operate health, safety and welfare systems in construction
- Prepare programmes and schedules of work in construction
- Develop and maintain working relationships and personal development in construction
- Implement contract work in construction
- Establish and maintain the dimensional control of construction works
- Operate project information systems in construction

The learner will also learn key practical skills and knowledge in one of the following optional units:

- Prepare for, collect, analyse and present survey data in construction
- Prepare and process invitations to tender in construction
- Prepare estimates, bids and tenders in construction
- Record the condition of property in construction
- Prepare drawings and schedules in construction
- Prepare for work operations in construction
- Prepare for and carry out physical testing in construction
- Assess, plan, and monitor project methods and progress in construction
- Monitor, maintain and improve supplies of materials in construction
- Recommend and monitor supplies of plant and equipment in construction
- Prepare and monitor costs and accounts in construction
- Prepare proposals and obtain feedback for the provision of products and services in construction
- Integrate and control project design information in construction

Apprentice will also work towards a BTEC Diploma in Construction and the Built Environment. Units offered include health, safety and welfare, sustainable construction, and mathematics, science and materials in construction and the built environment.

Functional Skills

Maths, English and ICT Level 2.

ERR and PLTS

The candidate will learn about Employment Rights and Responsibilities and apply Personal Learning and Thinking Skills throughout their Apprenticeship.

Length of Course

The Apprenticeship usually lasts around 18 months to ensure the candidate can demonstrate significant work experience alongside their professional qualifications.

Attendance

Day Release.

How Much Will It Cost

The Apprenticeship is fully funded so we won't charge you anything. The only cost to you is the employment of the apprentice – therefore paying their wage and associated costs. We have grants available to support the recruitment of an apprentice aged 16-24 of £1500 subject to eligibility checks. We also have further grants available to support recruitment of Salford residents subject to eligibility.

Entry Requirements

Candidates must have GCSE A-C in Maths, English and preferably ICT, or equivalent qualifications.

Facilities

Based in our high quality City Skills Sixth Form Centre, we have some of the best and most advanced workshops/facilities in the North West. Recently modified they provide an outstanding location to learn.

Recruitment

We will work with you to determine your requirements and provide full recruitment services - advertising through the National Apprenticeship Service, Indeed jobs website, Social media and the college website. Our team of dedicated recruitment co-ordinators will assess, screen and interview potential apprentices before we send them over to you for interview, saving you time and money in recruiting the right candidate.

Endorsements

We work with a wide range of businesses from Small business through to large companies such as Seddon and Pendleton Together and our current success rate is 81% overall, 11% above the national average, displaying outstanding provision and service to both apprentices and employers.

"Apprenticeships are essential to the current and future success of the construction industry in this country. At Seddon we invest huge resource in developing talent through our apprenticeship scheme, and take great pleasure from working with Salford City College, who are our preferred Apprenticeship provider. The service they provide is first class."
Roy Cavanagh MBE: Seddon Training and Development Executive.
